FOR IMMEDIATE RELEASE

## Kansas Leadership Center announces recipients of 2026 Leadership Transformation Grants

Wichita, Kan. – The Kansas Leadership Center (KLC) has selected 76 organizations across Kansas as 2026 [Leadership Transformation Grant](#) (LTG) partners. The grants will help the partner organizations create a culture that embraces change, tackles problems and seizes opportunities.

“KLC has been awarding grants to civically engaged organizations around the state for the past 11 years. While this program has grown every year, this year we intentionally selected fewer partners to shift our focus on making a more profound impact for each partner. We look forward to helping these organizations make lasting progress on their biggest challenges,” said Kaye Monk-Morgan, president and CEO of the Kansas Leadership Center.

KLC’s Leadership Transformation Grants provide the opportunity for participants to learn, practice and engage with the KLC Framework. The program also utilizes KLC’s best-selling book, [When Everyone Leads](#).

“Changing individual engagement with complex challenges is how organizations can improve innovation and employee satisfaction. We offer these experiences in order to help organizations create and support cultures where more people are exercising leadership,” said Monk-Morgan. “When everyone leads, we make progress on our most important challenges. That’s what the Leadership Transformation Grants are all about – engaging people across the state to solve daunting challenges in their communities, organizations and professional lives.”

Organizations who receive a Leadership Transformation Grant will establish a core team of three to six individuals to take on the responsibilities of the grant. Organizations chosen will have one year to participate in KLC’s dynamic program experiences and utilize KLC resources and consultation.

“The Leadership Transformation Grants provide access to programs on the [KLC Path](#), a three-step sequence which teaches that leadership is an activity—not a position—and that anyone within an organization can exercise leadership effectively. These programs offer a framework by which organizations can share a common language and skills to approach their challenges and empower employees to mobilize others to create

progress in their organization and communities," said Camille Scott, KLC partner manager.

In the 11 years awarding these grants, KLC has given 776 grants, trained more than 15,000 people and partnered with 416 Kansas organizations and communities.

###

#### **About the Kansas Leadership Center**

The Kansas Leadership Center (KLC) is a first-of-its-kind nonprofit educational organization with a civic mission, national reputation and global reach. Founded in 2007 to foster leadership for stronger, healthier and more prosperous Kansas communities, KLC receives core funding from the Kansas Health Foundation (a private, philanthropic organization). It partners with nonprofit organizations, government agencies, educational institutions, businesses and communities to build cultures that are healthy, productive and well-positioned to make measurable progress on daunting challenges and emergent opportunities. KLC Press publishes leadership books and The Journal, a nationally recognized, award-winning civic issues magazine.

Over the past 18 years, KLC has built a strong and respected institution in Kansas designed to deliver leadership development and culture change at unparalleled scale. Now, organizations across the country and around the world look to us to provide resources and consultation to support their own aspirations for mission-driven leadership education.
